**Phone:** 548-994-8511

Dedicated software engineer with 7+ years of hands-on web development background. Highly skilled in developing software for business applications in various fields: automotive, commerce, retail, insurance companies, government funds. Adept at converting monolithic applications to microservices. Proficient in performing program coding & testing.

Looking for a challenging position that will allow me to grow, exploit my full potential, and contribute to organizations' success with my professionalism and skills.

## WORK EXPERIENCE

### **jambit GmbH, Germany**

**September 2021 — Present**

Senior Software Engineer
